Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Thursdays @ 4:00 pm
Kelch Conf. Room, 1289 CBRC

Workshops & Seminars – Spring 2016

January 21  Mark W. Feinberg, MD, FAHA, Associate Professor of Medicine, Harvard Medical School, Boston, MA (co-sponsored with Hematology/Oncology, Steve Lentz, faculty host)

January 28  Kaylia Duncan (Cornell lab) and Wadie Mahauad Fernandez (Okeoma lab), MCB Graduate Students

February 4  Rotation Talks (MSTP Students), Rebecca Autenried (Abel lab), Sunny Huang (Sheffield lab) and Marcus Toral (Mahajan lab)

February 11  Andrea Hallberg (Cornell lab) and Emily Nguyen (Grumbach lab), MCB Graduate Students

February 18  Distinguished Biomedical Scholars Lecture Series at 4:00 p.m. – Keith Yamamoto
University of California, San Francisco, CA
(All MCB students are required to attend and sign-in)

February 25  Paul Ranum (Smith lab) and Steve Glenn (Geyer lab), MCB Graduate Students

March 3  Eileen Kennedy, University of Georgia, Athens, GA
(co-sponsored with Medicinal & Natural Products Chemistry, Stefan Strack, faculty host)

March 10  Distinguished Biomedical Scholars Lecture Series at 4:00 p.m. – Carl June
University of Pennsylvania, Philadelphia, PA
(All MCB students are required to attend and sign-in)

March 17  Spring Break – no MCB Seminar

March 24  Yuguang Shi, Barshop Institute for Longevity and Aging Studies, Univ. of Texas Health Science Center, San Antonio, TX
(co-sponsored with Fraternal Order of Eagles Diabetes Research Center, Fayyaz Sutterwala, faculty host)

March 31  Ying Hsu (Sheffield lab) and Magdalene Ameka (Potthoff lab), MCB Graduate Students

April 7  Coleen Murphy, Princeton University, Princeton, NJ
(co-sponsored with the Department of Anatomy & Cell Biology, Andy Frank, faculty host)

April 14  Health Sciences Research Week – No Seminar

April 21  Kathleen Chirco (Mullins lab) and Franklin Bright (McNamara lab), MCB Graduate Students

April 28  Barry Sleckman, Washington University, St. Louis, MO
(co-sponsored with HCCC – Cancer Genes and Pathways Program, Gail Bishop, faculty host)

May 5  Distinguished Biomedical Scholars Lecture Series at 4:00 p.m. – Angelika Amon
Massachusetts Institute of Technology, Cambridge, MA
(All MCB students are required to attend and sign-in)

May 12  Final Exam Week

May 19  Rotation Talks (Brandon Schickling, Maureen Lamb, Chandler Jensen-Cody, 3:30 p.m. Sharon Idiga and Colten Lankford), MCB Graduate Students
